## Project Details

---

I have completed the following projects by developing the Front-end using **Oracle Forms 11g, Oracle Reports 10g, Oracle Apex 23.2** and Back-End using **Oracle Database 19c**.

- **School Management System**

This is an innovative School Management System designed to simplify the *administrative* and *academic processes* of an educational institution. I tried to develop a comprehensive platform that facilitates efficient management of **Admission, Re-Admission, Fee, Class, Class Routine, Exam, Result, Employees, Student & Employee Attendance, Administration**.
